## **SASKATOON NORTH PARTNERSHIP FOR GROWTH (P4G) RELEASES VISION FOR THE REGION**

The Saskatoon North Partnership for Growth (P4G) is pleased to announce the release of the vision for the P4G Regional Plan (Regional Vision).

This Regional Vision has been created in collaboration with political leaders and administrators from the partnering municipalities - the Cities of Saskatoon, Martensville, and Warman, the Town of Osler, and the Rural Municipality (RM) of Corman Park, as well as an advisory representative from the Saskatoon Regional Economic Development Authority (SREDA).

*The Vision reads: Our vision for the future is a vibrant, prosperous, and internationally competitive region. We are known for a high quality of life; a thriving and diverse economy; healthy and connected ecosystems; and efficient infrastructure supporting sustainable growth and development. The five municipalities of the Region - Osler, Martensville, Warman, Saskatoon, and the RM of Corman Park - provide a rich range of opportunities and lifestyle choices for residents and newcomers. The aesthetic beauty and ecological values of the South Saskatchewan River and prairie landscapes are key components to our quality of life. We work in partnership on issues of common interest through integrated, coordinated efforts that support our success while respecting the individual aspirations of all partners.*

The Regional Vision, available online at [www.partnershipforgrowth.ca](http://www.partnershipforgrowth.ca), also includes six overarching guiding principles to be pursued under the Plan, as well as seven primary strategic directions that will shape the focus of regional action by the P4G.

The goal of the Plan is to ensure each of the five partnering municipalities can benefit from growth opportunities, increase efficiencies, and reduce costs by working together. The Plan, which is expected to be completed by mid-2016, will consist of plans for land use, transportation, infrastructure, and servicing. It will also outline the strategies needed for implementation and propose new governance and administrative structures for the region.

Stay tuned! Public open houses on the Regional Plan are being planned for June 2015.
